

## Joint Webinar

# Solving the Insoluble: Webinar on the Science and Application of the Dispersome® Technology

Going LIVE on Tuesday, November 12<sup>th</sup>

9:00 am EST | 2:00 pm GMT | 3:00 pm CEST

**Emmanuel Heinrich**, PhD, is a fellow scientist at Hovione, focusing on nutraceutical solutions and related R&D strategies and programs. He worked for 25 years in the nutrition and health industry on bioactive ingredient product development for application in dietary supplements and functional foods and beverages, and specialized in nutrition. Heinrich previously held various R&D positions, such as scientist, project manager, and department head, at companies like DSM, Nestlé, and Unilever.

**Korbinian Löbmann**, PhD, is chief scientific officer of Zerion Pharma A/S, which was established in January 2019 in Copenhagen, Denmark. He is the author of more than 120 peer-reviewed publications and patents. Prior to his role at Zerion Pharma, Löbmann was an associate professor with a research focus on solid state pharmaceuticals at the University of Copenhagen. He received his PhD degree from the School of Pharmacy, University of Otago, in Dunedin, New Zealand, in 2013.
