

This is to invite you to join us to celebrate the 60th Anniversary of Hovione. We have arranged an exciting program for you on the 26th of September in [New Jersey](#).

In the morning we are arranging for you a tour of our plant where you will visit:

- Our chemical synthesis pilot plants and labs
- A commercial scale spray-drier where amorphous spray-dried dispersions are made routinely
- A flexible continuous tablet manufacturing system with real time release able to combine 5 different unit operations

In the afternoon we have arranged a conference where Hovione speakers will present some Hovione breakthroughs and will discuss how we address some of the finer points in development and manufacturing of pharmaceuticals. Guest speakers will discuss what kind of CDMO will they expect to need in 2030.

We will close the day with a celebration dinner.

Click on the links below to find more details about:

- [The timeline of our first 60 years](#)
- [The detailed agenda for the 26th September](#)

Please visit the [registration form webpage](#) to fill in the attendance sheet so you can tell us what will you join. Doing this promptly will help us plan better.

Thank you for your help.

[Our Plant is 40 minutes from Newark Airport](#) on the NJ Turnpike (exit 8). The conference and dinner takes place in [Grounds for Sculpture](#) in Hamilton which is 25 minutes away. We have pre-booked rooms at the [Hampton Inn](#) in East Windsor, that is a 5 minutes drive from the plant. Buses will take us from the hotel to the plant, to Hamilton and back to the hotel.

We plan to welcome around 80 guests. We very much hope you can join us and we look forward to seeing you in September.

Yours,

Guy Villax

CEO
